

Consolidated PBY/Catalina Survivors List

© David Legg: November 2018

Abbreviations:

CONSD Consolidated, San Diego
CONNO Consolidated New Orleans
BOECAN Boeing of Canada
CANVIC St H Canadian Vickers St Hubert
CANVIC Cart Canadian Vickers Cartierville

ntu Registration/serial not taken up
c/n Constructor's number

NB:

- I have excluded most high ground/crash wrecks unless substantially complete and I have also excluded underwater wrecks
- Regarding the 'Status' column, it is often a moot point as to what constitutes 'airworthy'. My subjective view is that if an aircraft has not flown for many months, then it is better described as 'potentially airworthy' or something similar. There are a number of Catalinas around the world that are in this position

Current/ most recent Identity	Original Identity	C/n	Variant	Place of Manufacture	Current Owner & Location	Status	Identities Sequence
AUSTRALIA:							
'A24-30' (RAAF)	various	-	Flying boat		Lake Boga Flying Boat Museum, Lake Boga, Northern Victoria	Static museum exhibit – under cover	Composite consisting of various RAAF and NEIAF remains
A24-46 (RAAF)	BuNo 08272 (US Navy)	1186	PBY-5	CONSD	Private owner, Albany, Western Australia	Static museum exhibit but currently stored	BuNo 08272 (US Navy)

						under cover awaiting move to another location	
A24-79 (RAAF)	BuNo 48344 (US Navy)	1706	PBY-5A(M)	CONSD	Warwick Horsfall, Mathoura, NSW	Stored motor cruiser conversion – hull only	BuNo 48344 (US Navy)
